TreeTop Portfolio SICAV

Notes to the financial statements as at 30 June 2020

NOTE 1 - ACCOUNTING PRINCIPLES AND METHODS

The financial statements of the SICAV are prepared in accordance with the relevant regulations governing UCITS.

a) Securities portfolio valuation

Securities listed on an official stock exchange are valued on the basis of the closing price at 30 June 2020 and, if there is more than one market, at the price of the relevant security's main market.

Securities listed on other regulated markets are valued on the basis of the closing price and, if there is more than one market, at the price of the relevant security's main market.

Shares/units of an undertaking for collective investment are evaluated based on their last available official net asset value on the valuation day (i.e. the quotation price, if the undertaking for collective investments is listed, or the net asset value announced by the administrative agent of the UCI), or unofficial this is more recent (based in this case on a likely net asset value estimated prudently and in good faith by the Board of Directors, or based on other sources, such as information provided by the manager of the same UCI).

Securities not listed on a stock exchange or whose price is not representative are valued at their last known trading value or, in the absence of a trading value, at the probable realisation value in accordance with the valuation criteria deemed relevant by the Board of Directors.

b) Realised profit and Realised loss on investments

The realised profit and loss on sale of investments are calculated on basis of the average cost of investments sold.

c) Conversion of foreign currencies

All assets expressed in currencies other than the Sub-Fund's currency are converted into the Sub-Fund's currency at the exchange rate prevailing in Luxembourg as at 30 June 2020.

The value of the SICAV's net assets equals the sum of the net asset values of its Sub-Funds converted into EURO at the exchange rate prevailing in Luxembourg at the closing date of the financial statements (30 June 2020).

d) Acquisition cost of the securities in the portfolio

The acquisition cost of investments expressed in currencies other than the SICAV's currency is converted into the Sub-Fund's currency at the exchange rate prevailing at the purchase date.

e) Change in the net unrealised gain and loss

The changes of unrealised appreciation and depreciation at the end of the period are accounted for in the financial statements.

f) Change in the securities portfolio

The details of purchases and sales of investments may be obtained freely at the registered office of the SICAV.

g) Income

Interest on bonds and fixed-term deposits is calculated on a daily basis.

NOTE 9 - TRANSACTION FEES

The caption "Transaction Fees" includes brokerage fees, bank charges, taxes and other costs on purchases and sales of investments occurring during the period.

NOTE 10 - EVENTS OCCURRING DURING THE PERIOD

The current COVID-19 (coronavirus) pandemic is having a major impact on the global economy and the financial markets, particularly those in which the sub-funds are invested. The Board of Directors of the SICAV has concluded that this event does not require an adjustment to the financial statements as at 30 June 2020 as the net asset values of the sub-funds as at 30 June 2020 are based on fair prices as at that date. The ultimate impact of the COVID-19 epidemic on the various sub-funds remains uncertain at this time and may vary according to the countries, asset classes, industrial sectors and securities in which they are invested.

Overall Risk Assessment

Global exposure is a measure designed to limit the leverage generated by each Sub-Fund through the use of financial derivative instruments. In order to calculate global exposure, each Sub-Fund will use the commitment approach. This method consists in converting the positions on financial derivative instruments in equivalent positions on the underlying assets and hereby aggregating the market value of the equivalent position of underlying assets.

Information on transparency of securities financing and reuse
